Hi

I want to report any student's grades at the end of each semester
& teachers write student's grades

can Joomlaschools do this for me ?

Thanks a lot

It could be possible that the Joomlaschools could do that for you. You might just need some important settings and information. You can also try logging on their website if there is.

How can I do that ?

Is there any component to do it for me ?

Thanks
